

# **PROBABLE CAUSE**

*“Dance ‘til Ya Drop!”*

Dear Sir or Madam,

I am writing to you to explore the performance opportunities for the classic / good time rock and roll act **Probable Cause**.

The band's set has a wide audience appeal, and includes dance and rock standards from the '50's through 2001 as well as some original music written by Lead Guitarist Mark F. McDermott.

If your venue, club, or promotional event would be enhanced by the addition of energetic, live entertainment, I'd like to invite you to consider **Probable Cause**.

Enclosed for your evaluation is a demonstration CD, and a brief biography of the band members as well as a couple of articles on **Probable Cause**.

**Probable Cause** advertises each month in Portland's most aggressive entertainment and dining publication, Positively Entertainment & Dining.

This means when you hire **Probable Cause** in time for the press deadline, you receive a months worth of free advertisement in PE&D in the Bandstand section under the **Probable Cause** listings.

If you would like to arrange a booking, or have any further questions, please feel free to contact Greg Dawson, at (503) 614-0551 or e-mail [greg@probablecause.com](mailto:greg@probablecause.com).

Thank you for your consideration.

Sincerely,

Greg Dawson,  
Probable Cause
